Regular low income	450	550
Sponsoring member	2000	2500
Sustaining Sponsoring member	5000	6000
Partner Sponsoring member	10000	12000

Section 2. Actions for increasing membership and donations.

Involvement of new individual and, specifically, new organizational members represents a priority objective for 2021-2022. Membership fees of these new members will represent a main source of funding of the Association.

For involving new individual members, we plan to:

- 1) Distribute information on membership benefits among current members of the Association and ask them to share it via their network and contacts;
- 2) Communicate on this with authors of research articles published in the official journals of the Association;
- 3) Distribute information on membership benefits via social media of the Association;
- 4) Consider opportunities of social media of the Association for attracting donations.

Section 3. Planned income and expenditure

	2021
